Dear Mr. Hundt:

Re: FCC File Nos, ITC 93-029, ITC 93-030
SCL 93-001, SCL 93-002

The undersigned, is a customer of Telefónica Larga Distancia de Puerto Rico. TLD has brought superior service at the lowest cost to the Puerto Rico long distance market. For the business sector, the continued vitality of full and fair competition in the long distance market is essential to preserve and enhance these benefits.

As an island economy, Puerto Rico critically depends on long distance service. Consequently, we fully support the efforts of TLD to expand the scope of its international services and facilities. We urge you to expeditiously approve TLD's request for participation in the international fiber-optic networks about to commence operation in the next few month, Americas I and Columbus II, as well as authorize additional circuits. Further delay will unfairly injure TLD expansion in this vital market and deprive Puerto Rico consumers the benefits of competition.

Dear Mr. Hundt:

Re: FCC File Nos. ITC 93-029, ITC 93-030
SCL 93-001, SCL 93-002

The undersigned, is a customer of Telefónica Larga Distancia de Puerto Rico. TLD has brought superior service at the lowest cost to the Puerto Rico long distance market. For the business sector, the continued vitality of full and fair competition in the long distance market is essential to preserve and enhance these benefits.

As an island economy, Puerto Rico critically depends on long distance service. Consequently, we fully support the efforts of TLD to expand the scope of its international services and facilities. We urge you to expeditiously approve TLD's request for participation in the international fiber-optic networks about to commence operation in the next few months, Americas I and Columbus II, as well as authorize additional circuits. Further delay will unfairly injure TLD expansion in this vital market and deprive Puerto Rican consumers the benefits of competition.

Cordially,

Dear Mr. Hundt:

Re: FCC File Nos. ITC 93-029, ITC 93-030
SCL 93-001, SCL 93-002

The undersigned, is a customer of Telefónica Larga Distancia de Puerto Rico. TLD has brought superior service at the lowest cost to the Puerto Rico long distance market. For the business sector, the continued vitality of full and fair competition in the long distance market is essential to preserve and enhance these benefits.

As an island economy, Puerto Rico critically depends on long distance service. Consequently, we fully support the efforts of TLD to expand the scope of its international services and facilities. We urge you to expeditiously approve TLD's request for participation in the international fiber-optic networks about to commence operation in the next few months, Americas I and Columbus II, as well as authorize additional circuits. Further delay will unfairly injure TLD expansion in this vital market and deprive Puerto Rican consumers the benefits of competition.
